Subject: Rules governing the traineeship programme at the EUISS

Article 1 - General provisions

These rules govern the traineeship programme at the EUISS. The programme is aimed at postgraduates who specialise in a topic linked to foreign policy, security or defence and who wish to pursue a career in a related field.

The aims of the traineeship at the EUISS are:

1. To provide a professional experience that enables theoretical knowledge to be put into practice.
2. To reinforce research skills.
3. To deepen understanding of the main strategic security and defence-related challenges facing the European Union.
4. To promote European values pertaining to the EU's external action, and security and defence among young professionals.
5. To provide support to EUISS activities through on-the-job training.

Article 2 - Organisation of traineeship

1. The Director shall decide the number of traineeships to be offered both at the Paris Headquarters and Brussels Liaison Office, depending on the needs and work programmes of each location.

Each trainee is placed under the responsibility of a Senior Analyst, a qualified Associate Analyst or the Brussels Executive Officer for Brussels-based trainees, who will act as a manager and guide (providing advice and reviewing the quality of work on a regular basis), as well as an administrative supervisor.

One trainee may be placed under the responsibility of the Director and the Deputy Director. The responsibilities of this *executive trainee* correspond to a more senior profile.

On an ad hoc basis, trainees may also be required to work with other individuals within the research team and assist them on particular projects.

2. Trainees are part of the EUISS team and are assigned work by their supervisors according to the needs of the EUISS.

Article 3 - Eligibility criteria

1. Nationality: trainees are selected from nationals of the member states of the European Union.
2. Qualifications:

 - b) Languages: candidates must have an excellent command of English, as well as thorough knowledge of at least one other EU language.
 - c) Work experience: although not an eligibility criterion, prior relevant work experience including internships, traineeships and voluntary work may be an asset.

2. Starting or completing a traineeship at the EUISS shall not grant any right to obtain another post under a different status within the organisation. If eligible to apply for any such advertised post, trainees shall be treated in the same manner as all other candidates.

Article 5 – Selection

1. Applications should be made in accordance with the procedures published on the EUISS website. The selection made by the EUISS is final and there is no appeal procedure.

This shortlist shall be approved by the Director.

4. The selection committee shall make a proposal to the Director, who shall make the final decision on the candidates to recruit.

They may not exercise any other gainful employment which may adversely affect the work assigned during the traineeship.
