

Transatlantic Perspectives on Cyber Diplomacy

Stakeholder meeting following the EU-U.S. Cyber Dialogue
10 September 2018, 16.30-18.00

German Marshall Fund of the United States, Residence Palace, Rue de la Loi 155,
1040 Brussels, 8th Floor

Context

Fast-paced technological changes and increased complexity of cyber threats are producing new opportunities and challenges in the field of cybersecurity. Amid these developments the European Union (EU) and the United States (U.S.) have identified synergies and acknowledged shared interests in issues such as the application of existing international law to cyberspace, strengthening cyber resilience, and supporting cyber capacity building in partner countries. On September 10, 2018, during the EU-U.S. Cyber Dialogue, the EU and United States will continue discussions for cooperation on these issues. The meeting on "Transatlantic Perspectives on Cyber Diplomacy" will serve to update the participants on the recent developments in the bilateral and global conversations about cyber diplomacy.
